Palm Lines Chart

The four major lines and seven minor ones, on an open right palm. A tradition for fun and reflection, not a prediction.

1 Heart line MAJOR
Top crease, from below the little finger toward the index finger. Read for: how you love and show feeling.

2 Head line MAJOR
Below the heart line, from the thumb side across the palm. Read for: how you think and decide.

3 Life line MAJOR
Curves around the base of the thumb. Read for: energy and big changes (not how long you'll live).

4 Fate line MAJOR
Up the middle of the palm toward the middle finger. Read for: career and life direction.

5 Sun (Apollo) line
Up toward the ring finger. Read for: success, recognition, creativity.

6 Mercury (health) line
Slants up toward the little finger. Read for: health, in old books. we don't read it that way.

7 Marriage lines
Short marks on the edge, below the little finger. Read for: close relationships.

8 Girdle of Venus
An arc above the heart line, under the middle and ring fingers. Read for: sensitivity and moods.

9 Intuition line
A half-circle on the little-finger edge of the palm. Read for: intuition and vivid dreams.

10 Mars line
Inside the life line, close to it. Read for: drive and resilience.

11 Bracelets
Creases across the wrist. Read for: traditionally, health and fortune.

1. Pick a hand

Your dominant hand for now; the other for what you were born with.

2. Use side light

Daylight from a window shows faint lines best.

3. Major lines first

Heart, head, life, then fate (many people have no clear fate line).

4. Read them together

No single line decides anything. The life line doesn't show lifespan.
